## Newsletter April-2025

---

**“Not all of us can do great things. But we can do small things with great love.”**

**Mother Teresa**

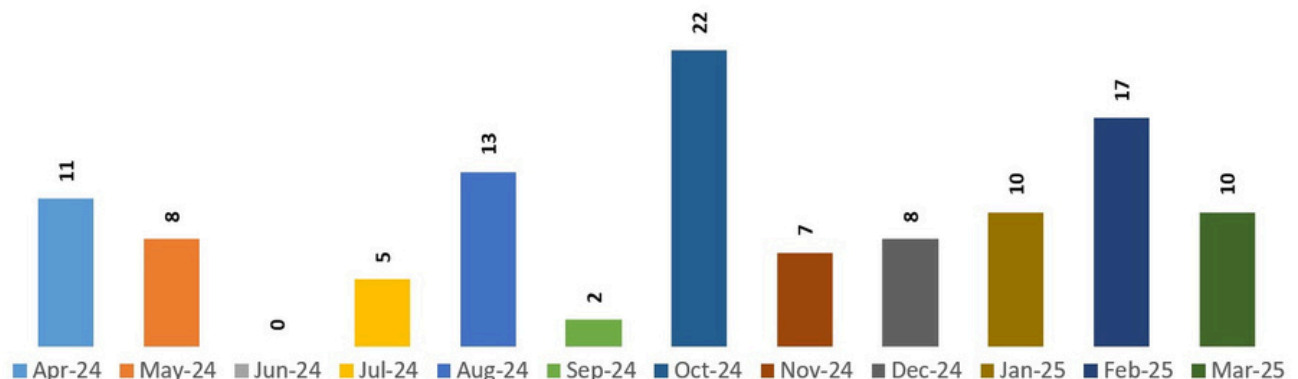

The fiscal year 24-25 has been a time of great things and excitement at TPAF. We have persisted in moving closer to our goal of ensuring that every child in need, regardless of socioeconomic status, can afford and have a pediatric liver transplant. Reaching 550, or helping the 550th patient receive a transplant, is a significant milestone that has inspired us to expand and intensify our efforts.

---

### The year that was

TPAF assisted 113 recipients nationally for liver transplants and kasai procedures during the year, which was more than any other year.

MONTH-WISE CASES SUPPORTED BY TPAF

## Partnership with Association of 41 Clubs of India, Chennai

TPAF and Association of 41 Clubs of India, Chennai are excited to announce their strategic partnership, designed to amplify TPAF's efforts to reach all the children in need of a liver transplant. As an institutional partner; Association of 41 Clubs of India, Chennai discovered that working with us is a great way to match their organisation's principles with a worthy cause. Together, we can make a significant difference for kids who require life-saving liver transplants. By supporting children from our extensive network, Association of 41 Clubs of India, Chennai enables us and our Hospital partners to significantly impact the fight against pediatric liver diseases. By working together, we aim to increase awareness and give kids and their families the help they need.

### In the media....

#### Giving a second chance at life: How TPAF is transforming pediatric liver transplants in India

In this exclusive interaction with *TheCSRUniverse*, Mr. Pravin Agarwal sheds light on the pressing challenges of pediatric liver transplants, the foundation's pioneering initiatives, and the human stories that fuel their mission. This is more than a conversation; it's a testament to the power of compassion, collaboration, and the belief that one life saved can transform many more.
